

## **CV short:**

**13-10-2014 a 15-10-2014:** Workshop titled "Regulatory Logic of Developmental Systems" at the X Meeting of Spanish Society for Developmental Biology. Sociedade Espanhola de Biologia do Desenvolvimento

**01-5-2013- present data:** PhD grant (SFRH/BD/90827/2012) related to the project PTDC/SAU-BID/120130/2010, titled:-"Organizing axial muscles: crosstalk between the myotome and myogenic precursor cells in constructing the muscles of the back." Faculdade de Ciências da Universidade de Lisboa

**01-3-2012 a 01-3-2013:** Research grant related to the project PTDC/SAU-BID/120130/2010 titled:-""The laminin matrices of early skeletal muscle development: a changing tissue microenvironment regulating myogenic differentiation and morphogenesis". Faculdade de Ciências da Universidade de Lisboa

**14-11-2011 a 18-11-2011:** Theoretical Course in Laboratory Animal Science FELASA category B. Instituto Gulbenkian de Ciência

**11-11-2010 a 19-11-2010:** IGC Practical Course on Animal Handling and Experimentation titled:- "Good Practices on Rodents, Fish and Frogs II." Instituto Gulbenkian de Ciência

**22-10-2010 a 23-10-2010:** Bioimaging and microscopy techniques workshop titled: "Automaticamente Brilhante" Faculdade de Ciências da Universidade de Lisboa

**16-9-2010 a 05-12-2011:** Master's in evolutionary and developmental biology field titled "Dynamics of cell-extracellular matrix interactions during epaxial muscle morphogenesis". Faculdade de Ciências da Universidade de Lisboa

**2006-2009:** Graduation in Biology. Instituto Superior de Agronomia.
