

cE3c Advanced Courses 2019/2020

Scientific Writing and Communication

Taught by: Gabor Lövei | January 20-24, 2020 @ FCUL

Objectives

The objective of this course is to introduce participants to the details of communication and writing scientific publications. The main emphasis is on the most common form, the “primary scientific paper”, but matters related to oral presentations, poster preparation and proposal writing will also be discussed. At the end of the course the students should be able to: judge and decide about the appropriate form and forum for their work; evaluate potential publication forums; write a scientific manuscript that conforms to the rules and requirements; analyse their presentation efficiency and improve it in their written work; deal with scientific editors, and others involved in the scientific publishing process; prepare and present effective oral presentations and posters.

Deadline for applications: November 22, 2019

The course is free for a maximum of 10 1st year PhD students in the Doctoral programme in Biology (FCUL), Biodiversity, Genetics and Evolution (BIODIV UL, UP) and Biology and Ecology of Global Changes (BEAG UL, UA). For information of fees for other participants see the programme details.
