

cE3c Advanced Courses 2021/2022

Speaking “nature”: Methods for measuring the impact of environmental pollution on ecosystems

Taught by: Silvana Munzi, Pedro Pinho, Sofia Augusto, Cristina Branquinho, Cristina Máguas, Alexandra Oliveira & Helena Serrano | **July 11-15, 2022 @ FCUL**

Note: This course is intended to be presential, but if needed (e.g. due to COVID-19 security measures by the time of the course) it may be adapted to be given remotely

Objectives

The course aims at enabling the participants to use different methods to measure the impacts of pollutants on ecosystems. Basic knowledge will be provided through theoretical and practical lessons on how to select and use the most suitable metrics based on the analysis of multiple compartments of the ecosystems.

Deadline for applications: June 8, 2022

The course is free for a maximum of 8 1st year PhD students in Doctoral programmes at FCUL (e.g. Biology), Biodiversity, Genetics and Evolution (BIODIV UL, UP), Biology and Ecology of Global Changes (BEAG UL, UA) and Sustainability Science. For information of fees for other participants see the programme details.
