

cE3c Advanced Courses 2020/2021

Scientific Writing and Communication

Taught by: Gabor Lövei | **edition of 2021 @ FCUL**

Note: This course will only occur in presential format; due to COVID-19 security measures the January 2021 edition was cancelled; new schedule to be announced (no sooner than October 2021)

Objectives

The objective of this course is to introduce participants to the details of communication and writing scientific publications. The main emphasis is on the most common form, the “primary scientific paper”, but matters related to oral presentations, poster preparation and proposal writing will also be discussed. At the end of the course the students should be able to: judge and decide about the appropriate form and forum for their work; evaluate potential publication forums; write a scientific manuscript that conforms to the rules and requirements; analyse their presentation efficiency and improve it in their written work; deal with scientific editors, and others involved in the scientific publishing process; prepare and present effective oral presentations and posters.

Deadline for applications: to be announced

The course is free for a maximum of 8 1st year PhD students in Doctoral programmes at FCUL (e.g. Biology), Biodiversity, Genetics and Evolution (BIODIV UL, UP) and Biology and Ecology of Global Changes (BEAG UL, UA). For information of fees for other participants see the programme details.
