

cE3c Advanced Courses 2022/2023

Soil ecology and ecosystem services

Taught by: Teresa Dias & Cristina Cruz | January 23-27, 2023 @ FCUL

Note: this is an online course

Objectives

The course SoilEco aims at introducing attendants to an updated state of the art of diversity of the soil biota and the functional roles played by soil organisms in key ecological processes. SoilEco will have the participation of some of the most relevant specialists in the field and will enable an 'assisted project development' approach to the study of soil biology and ecology. The course will include both theoretical classes and an assisted project development.

Deadline for applications: December 28, 2022

The course is free for a maximum of 10 1st year PhD students in Doctoral programmes at FCUL (e.g. Biology), Biodiversity, Genetics and Evolution (BIODIV UL, UP), Biology and Ecology of Global Changes (BEAG UL, UA) and Sustainability Science. For information of fees for other participants see the programme details.
